

Darius D. Williams, a proud SACA, is a Grand Bahamian entrepreneur with an artistic and engineering background. He was born in Rock Sound, Eleuthera, the son of a Family Island Administrator and a Schoolteacher turned housewife. He currently owns and operates two businesses in Grand Bahama. Curley Tail Services (CTS), an industrial and residential contracting company and Darius Williams & Associates (DWA) a MEP engineering firm. He spent a decade each working at the Freeport Power Company (now the Grand Bahama Power Company) & Syntex / Honeywell. He is author of *The Rail and Locomotive History of the Bahamas*. He is currently working on a second book, *The Heritage of Grand Bahama and its People*. He has traced the journey of the Rolle family of Holmes Rock from East Palatka, Florida to Exuma to Holmes Rock, Grand Bahama where they will celebrate the Bicentennial of their arrival within the next few years. His wife and children are descendants of the initial Rolles sent to Holmes Rock.. He has lectured at The College of the Bahamas Northern Campus. Mr. Williams is married and a father of two. He is a Registered Professional Engineer and a licensed electrician, currently working on the new Freeport Health Campus and the Clean Marine oil recycling facility. He is a member of the Bahamas Society of Engineers, the Bahamas Contractors Association and a former board member of the Professional Engineers Board of the Bahamas. He is a past president of the Freeport Players Guild and the Grand Bahama Branch of the Bahamas National Trust. He is also a member of The Bahamas Historical Society, The Grand Bahama Chamber of Commerce (currently serving as its Small Business Development Committee Chairman), and The Bahamas National Trust. Industrial and social history, personal finance literature, visual and performing arts, sports, baking and anything technical in nature are his passions.
