

## DR. TYNEIL CARGILL - BIO

Dr. Tyneil D. Cargill (Dr C.) is a seasoned medical professional having over 20 years' experience in multiple fields within the industry. Dr Cargill began his career as an EMS assistant, a post he held during summer and winter breaks while pursuing his medical degree at the University of West Indies - MONA Campus, in Kingston, Jamaica.

Upon his completion of the medical program at MONA, he entered the internship/house officer program at Princess Margret Hospital, Nassau, The Bahamas. There, Dr C. rotated through all medical disciplines including the emergency room, operating room, and maternity ward gaining experience from doctors, nurses, and other staff while on call. He was awarded "Intern of the Year" in (1998/1999).

Under the tutelage of the Hon. Dr Hubert A. Minnis, MD, MP, PM, Dr C. was afforded many opportunities to pursue further training at medical conferences hosted by American Congress of Obstetricians and Gynecologists: Laparoscopy Series held in Cancun, Mexico & New York, Texas, Florida, USA. After his internship, Dr C. took on posts as a circulating physician at MediCenter Prince Charles Drive and Collins Avenue (2000-2002 again 2008-2013) and a full-time physician at Life Medical Clinic (2002 - 2008).

Since his internship to present, Dr. C. has assisted in surgery in the operating theaters at Doctor's Hospital and Princess Margret Hospital in all disciplines including obstetrics, neurology, general surgery, orthopedics, etc. In 2006 Dr. C. formed Bahamas Surgical First Assistant Ltd., a company offering surgical assistants to surgeons in operating theaters at both Doctors Hospital and PMH -Private Surgical .

He is licensed by the Bahamas Health Professionals Council and has been a private licensed member of the Bahamas Medical Council of the Bahamas since 1999. Additionally, Dr. C. has sat on the AIDS Foundation of The Bahamas board as Vice President in the early 2000's.

He has held the position of sole proprietor practitioner at Bay Street Medical Clinic (a general family practice) from 2013 to date. It was during his tenure at Bay Street Medical that the Covid Pandemic hit The World (2020) hence true to his calling Dr. Cargill joined the frontline fight against Covid while using his facility and medical resources to assist The Bahamian Government in the testing and treatment of Bahamians for Covid.
